1. The drawings were received on 12/17/04. These drawings are accepted.

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the application was filed with informal drawings. The application is now in condition for allowance and formal drawings are now required. Applicant is advised to employ the services of a competent patent draftsperson outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

2. Applicant's arguments, see pages 10-13 of the amendment, filed 12/17/04, with respect to the objections to the drawings and rejections of claims 1-7 and 9-18 have been fully considered and are persuasive. The objections of the drawings and rejections of the claims have been withdrawn.

Claims 2-5 and 9-18 are allowed while claims 1 and 6-8 have been canceled.

3. The following are suggested formats for either a Certificate of Mailing or Certificate of Transmission under 37 CFR 1.8(a). The certification may be included with all correspondence concerning this application or proceeding to establish a date of mailing or transmission under 37 CFR 1.8(a). Proper use of this procedure will result in such communication being considered as timely if the established date is within the required period for reply. The Certificate should be signed by the individual actually depositing or transmitting the correspondence or by an individual who, upon information and belief, expects the correspondence to be mailed or transmitted in the normal course of business by another no later than the date indicated.
